I knew I had something going on as far as my health was concerned, but trying to get a diagnosis or to get doctors to actually listen to me became a nightmare. I had been living with pain, fatigue, weight gain, reflux and brain fog, going on 15 years now and really just wanted it to stop and to be able to feel normal again. Most doctors just wanted to fob me off with antidepressants, they just weren't interested in what I had to say. This is my own personal journey to diagnosis and treatment and all the obstacles along the way. This item ships from La Vergne, TN. Paperback.
