Brand New Book ***** Print on Demand *****.FOREWORD It is an established fact that nature designs systems to propagate themselves in order to ensure continuity. It is based on this fact that we should be mindful of posterity and endeavour to bequeath generations to come valuable legacies. One of such valuable legacies which should be left behind is a collection of useful information. Many issues including social, political and economic issues are discussed in this book. Using Ghana as a case study, the authors have critically analysed how Ghana (and Africa by extension), can meet her millennium objectives within the shortest possible time. This book is not a textbook. However, it may...
