*A new eBook with a brand new point of view. It really is written in basic words and not confusing. I discovered this publication from my i and dad recommended this book to find out.

REVEALING ADVAITA VEDANT

New Bharatiya Book Corporation, New Delhi, India, 2004. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Advaita Vedanta has coloured Indian life in many aspects. It is one of the most impressive thought-systems of India. To a great extent it satisfies the deep requirements of metaphysics and the claims of logic and reason. It has been compared with the philosophies, both eastern and western. As a result many books and monographs have been written on the subject. This is but natural, considering the appeal that Advaita Vedanta has for the modern world. Many modern preceptors of philosophy have followed the doctrine of Sankara with or without changes. Advaita is a discriminative harmonization of different perspectives and spiritual experiences. Being the expression of the plenary experience of Reality, it occupies a pre-eminent place among the major philosophical systems viz. Nyaya, Vaisesika, Samkhya, Yoga, Purvamimamsa and Uttaramimamsa or Vedanta. It shows the way to an aspirant in the spiritual quest for a state of existence, which eradicates all sufferings and ensures abiding peace and joy. The present work views the tenets of Advaita Vedanta without slipping into controversies and with a view to introduce the topic to the seeker of knowledge. The work shall be useful to both the teachers and students of Advaita Vedanta. Printed Pages: 255.
